ANNUAL REPORT OF THE BOARD OF SELECTMEN.

To the Citizens of Milford, Mass.:

The report of the Town for the fiscal year ending December 31, 1928, prepared by the Town Accountant shows that the Town is in a better financial condition than it ever has been. There is a credit balance in the surplus revenue account of $141,918.36 on December 31, 1928, against $126,847.99, December 31, 1927, in spite of the fact that $15,000 was appropriated at the last annual Town Meeting from this account.

There was a cash balance in the treasury December 31, 1928, of $49,925.51, as against $12,111.07, December 31, 1927.

It is gratifying to report that all Town Departments kept within their appropriation, and there is a balance in the reserve fund of $4,015.93.

There was a reduction of the tax rate in 1928. With proper consideration of the actual needs of the Town a further reduction is possible in 1929.

The Central street drain was completed during the year at a cost of $3319.86, leaving a balance of $1180.14 in the appropriation.

There is a necessity for traffic signals at the junction of School and Spruce streets, Main and Exchange Streets, and Congress and Exchange Streets, for regulating traffic. In view of the excellent financial condition of the Town we feel that an appropriation should be made for this purpose and we do so recommend.

The Department of Public Works, Division of Highways, proposes to reconstruct the State highway on East Main Street between the junction of East Main and Medway Streets and the Holliston Town Line; and the State highway between Mil-

ford and Upton. As this will be a great improvement we recommend that the Town appropriate money to pay land damages that may arise caused by the reconstruction on said highways.

We have petitioned the Department of Public Works and the County Commissioners for the reconstruction of South Main Street from Milford and Hopedale Town line to the junction of Main and South Main and we hope for favorable action upon these petitions.

As the Street Railway Company is to remove the rails on Main Street from N. Y., N. H. & H. Railway crossing to South Main Street and as that part of the street where rails were located will have to be reconstructed we feel that it would be economy for the Town to reconstruct that part of the street, a permanent cement construction and the remainder of the street be so constructed later.

We recommend that an appropriation be made at het Annual Town Meeting for this purpose.

We have had several conferences with the Street Railway Company relative to the rebuilding of this section of the street and have tried to protect the interests of the Town, we are in hopes that the St. Railway Co. will bear a reasonable portion of the expense of said reconstruction.

JOHN E HIGGISTON,
P. EUGENE CASEY,
ISAIAH C. TRASK,
Selectmen of Milford.

REPORT OF THE HIGHWAY SURVEYOR.

To the Voters of the Town of Milford:

I hereby submit my report as Highway Surveyor of the Town of Milford for 1928:

NEW MACADAM STREETS.

The entire or sections of the following streets were rebuilt with tarvia or asphalt, including the shoulders of old macadam road on West Street where repairs were required due to the damage caused by the flood of 1927, also Fells Avenue which was a special appropriation. These streets received from three to six inches of two inch trap rock covered with three-quarter inch and one-half inch trap rock amounting to 4,365 tons, penetrated and sealed with 48,000 gallons of tar or asphalt, removed thirty-five cubic yards of ledge; used three hundred and fifty cubic yards of gravel for sub-grade; laid sixty-six feet of fifteen inch and twenty-four inch iron pipe. The lengths of new macadam on these various streets are as follows:

Water Street, 2150 feet in length—35 feet wide.
Hayward Street, 2112 feet in length—24 feet wide.
Chestnut Street, 1125 feet in length—22 feet wide.
Fells Avenue, 650 feet in length—26 feet wide.
West Street, 600 feet in length—8 feet wide.
Court Square, 240 feet in length—20 feet wide. (Rear of Town Hall.)

REPAIRS TO GRAVEL ROADS.

Damage Caused by Flood.

The gravel roads received five thousand, eight hundred and forty-seven cubic yards of gravel, stone and cinders which was required to repair the damage caused by flood.

HAYWARD STREET EXTENSION.

Hayward Street Extension received one thousand yards of stone and gravel, seventy five feet of twelve inch corrugated iron drain pipe. This street had a special appropriation of one thousand dollars.

GRAVEL STREETS,

Treated with Tar or Asphalt.

The following gravel streets were treated with tar or asphalt, covered with pea stone or sand, receiving fifty-seven thousand gallons of tar or asphalt: Meade, Columbus, North, Short, Free, South Free, Dominic, Reade, Middleton, Plain, Cook, Parkhurst, Carroll, Fair View, East Walnut, High, South High, Pond, Purchase, Bancroft, Gibbon, Glines, Green, Prospect, Hollis, Chapin, Leonard and Otis Streets.

RESURFACING.

The following old macadam streets or sections of same were resurfaced with tar or asphalt and covered with sand: Cedar, East, Main, North Bow, South Bow, Jefferson, Spruce and Congress.

Patching old macadam streets, six hundred and eight cubic yards of one-half and three-quarters stone and cold patch was used on the various old macadam streets.

WOODEN BRIDGES.

Six thousand fifty feet of three inch chestnut plank and several stringers of various lengths, were used on the various wooden bridges.

SCRAPING AND SCARIFYING, ETC.

All gravel streets and country roads were scraped or scarified with the steam roller or tractor, gutters elevated, brush cut, guard rails repaired and stones removed. Several streets were treated with a heavy or light road oil; several old stone drains cleaned and repaired and pipe drains flushed. Twenty-one new brick catch basins were built and five hundred sixty-eight feet of corrugated iron pipe laid of various sizes.

SIDEWALKS.

New concrete sidewalks were constructed, including the entire length or section of the following streets: Water, Congress, West Spruce, West Pine, Church, Gibbon Avenue, Daniels, Main, Prospect, South High, West, Glines Avenue, School, Park Terrace, Forest, Franklin and Grove Streets. Several sidewalks were constructed with one inch trap rock and stone dust, considerable curbing was reset and bunters and cement curb was constructed on various streets.

Respectfully submitted,

EDWARD C. BEAULAC,
Highway Superintendent.

WILLIAM F. CLANCY,
FREDERICK W. HOLLAND,
FREDERICK A. NEALON,
Assessors of Milford.

TOWN ACCOUNTANT'S REPORT.

To the Honorable Board of Selectmen and Voters of Milford:

I herewith present my annual report for the year ending December 31, 1928, showing in detail the appropriations, expenditures, and receipts from each source of income. I have also included a table showing, again, the borrowing capacity of the Town, a detailed statement of the Funded Debt, and a Balance Sheet that should be of inestimable value to the voters in determining the policy of the Town for the ensuing year.

The financial position of our Town is one that we can be justly proud of—a funded debt that is steadily decreasing, and a substantial increase in our Surplus Revenue Account may be noted, in spite of the $15,000.00 Appropriation, to be used as Free Cash, that was voted last year. I feel now that another substantial appropriation may be made this year without, in the least, impairing our financial condition.

I have been in close contact with the Finance Commission during the year and I cannot speak too highly of the work that they are doing, and strongly urge upon the voters consideration of their recommendations. They are arrived at after careful deliberation and an impartial discussion of the particular needs of the community. As proof of their co-operation I point to an unexpended balance of $4015 93 in the Reserve Fund, and the fact that every known bill for the year has been paid. That is a healthy condition, showing, on the one hand, the wisdom of the recommendations of the Finance Commission, and on the other hand, a sincere effort on the part of all departments to keep strictly within the appropriations granted at the annual Town meeting.

Last year I recommended that the balance of $3292.99 received on account of Surplus War Bonus, and $500.00 re-

ceived a few years ago from the sale of property on Pearl Street be made use of, but no definite action was taken. I make the same recommendation this year and suggest that the Finance Commission be advised of any plans that may exist for its use.

I recommend that the sum of $1500.00 be transferred from Overlay Reserve to Overlay of 1926, the Overlay of that year having been insufficient to take care of the Abatements granted by the Assessors.

My association with the heads of the different departments has, indeed, been pleasant, and I am grateful for the splendid co-operation shown during the year.

Respectfully submitted,

JOSEPH V. CAREY,
Town Accountant.

Report of the Board of Public Welfare.

January, 1, 1929.

The Board of Public Welfare respectfully submit the following report of John T. O'Brien, Town Almoner.

Board of Public Welfare

Milford, Massachusetts

GENTLEMEN:

I respectfully submit herewith the report for the year ending December 31, 1928.

There was an unusually large number of cases of non-employment of men with families, who were willing to work at any occupation, but could not obtain jobs. Many young persons, boys and girls, were also idle. I have been interested in these persons, and kept informed as to employers of labor.

Hospital cases have also increased our expenses this year. This matter, however, cannot be controlled, but requires constant investigation.

Many matters pertaining to home life are given attention in relief work, that living conditions may be made more comfortable, and the health of children improved.

Impartial judgment and careful investigation has been my watch word since April 1, 1928, and I feel that disbursements have been kept down to a minimum, yet administering justly and carefully to the needs of the worthy destitute.

Appended to this report will be found the usual financial tables, also the report of Frank E. Hill, Superintendent of the Town Infirmary.

Respectfully submitted,

JOHN T. O'BRIEN,

Almoner.

The oldest inmate is 85 and the youngest 32, there are 15 between 70 and 81, 11 between 60 and 70, 3 between 55 and 60, the ages of the others are unknown but is probably seventy or over.

Two are boarded for the Town of Bellingham, three for the Town of Blackstone, and two for the Town of Millville, at $8.00 per week for board. Clothing, medical attention and medicine are extra.

Two inmates died during the year, two were transferred to the State Infirmary Hospital, one was 93 years old and the other 87, both were cases that required continuous hospital treatment.

The electric refrigerator installed last March has had a full season to prove its worth and from a sanitary, food-preserving and financial stand-point is far superior to the methods replaced.

The maximum cost for power has been $5.75 per month, and the minimum cost for ice, from April 1, to November 1, was $30.00 per month, the winter months we were without refrigeration, with the electric we have perfect refrigeration all the time at a yearly cost of less than $50.00.

The grateful appreciation of this Board is extended to the employers who aided the Almoner, to the Societies

and Individuals who, by contributions of money, food or clothing, have assisted us in our work.

Report of the Sewerage Commission.

December 31, 1928.

To The Citizens of Milford:

The Sewerage Commission herewith presents its annual report for the year ending December 31, 1928.

The detailed statement of income and expenditures of both construction and maintenance acounts will be found in the report of your Town Accountant.

We suggest careful study of the Engineer's report which follows, in connection with this statement from us and which shows the new construction during the past year. We recommend for the ensuing year that the following sewers be constructed.

Street	From	To	Size	Length	Estimated Cost
Fairview Ave.	Carroll St.	Near E. Walnut	8"	820'	$2,565.00
Oliver St.	Main St.	Near Water St.	8"	1,270'	4,370.00
Purchase St.	Existing M. H.	Near Fells Ave.	8"	1,000'	3,880.00
Purchase St.	Dilla St.	Beyond Harris	8"	2,000'	7,185.00
West St.	Existing M. H.	Highland St.	8"	805'	2,560.00
Parkhurst St. Intc.	Southerly		8"	250'	800.00
Parkhurst St. Intc.	Easterly		8"	400'	1,200.00
				6,545'	$22,560.00

The estimated cost shown in the foregoing table includes all materials, a liberal allowance for anticipated rock excavation, and an addition of fifteen per cent to cover engineering and contingencies.

The sewer in Purchase Street has been extended as far in a northerly direction on this street as is practical. Any sewer construction in Purchase Street beyond this point will include the building of an interceptor along the westerly bank of Louisa Lake, as shown by the study of this problem last year.

It is our opinion that an appropriation of $22,560.00 would undoubtedly construct all the sewers shown in the

foregoing table, completing the sewers required for some time to come, and making the total length of sewers in the system twenty-four and seven-tenths miles.

We understand from the conference of last year with the Finance Committee that they will be ready to recommend the necessary funds for above work.

The eight claims spoken of in last year's report have been settled with the exception of one, and we have one additional claim during the past year for land damages, both of which we will endeavor to settle to the best advantage of the Town. With advise of the Board of Selectmen and Town Solicitor we purchased the so-called Boone land on the easterly side of Depot Street, this land for some years having been a source of trouble on account of sewage flowing thereon.

The cost of maintenance which includes the salaries of the commission, clerk and superintendent was $8,812.53 although only $5,000.00 was asked last year, due to having a balance on hand of $4,243.46, this balance was owing to the fact the Town Accountant added the sewer assessments to the maintenance account.

The total house connections during the year was 40, making a grand total to date of 1673.

Respectfully yours,

FRANK P. DILLON,
LOUIS P. PRATT,
ALFRED F. MARTIN,
Sewerage Commission.

Report of Engineer of Sewerage Commission

Boston, Mass.,
January 16, 1929.

Sewerage Commission, Milford, Massachusetts.

DEAR SIRS:

The following report describes the work done under the direction of your Board during the year 1928, comprising the construction of street and intercepting sewers, new pumping equipment at the low level station on Charles Street, and the placing of a concrete roof on dosing tank at the disposal plant.

On April 17, 1928, the following bids for sewer construction, and for furnishing vitrified pipe and specials, were received and publicly opened and read:

CONTRACT NO. 104 — SEWER CONSTRUCTION

Bidder	*Amount*
Arthur P. Clarridge	$18,755.20
Cenedella & Company	19,332.50
Costa & Mainini	19,678.50
Guido Sabatinelli	20,002.45
John F. Rooney	21,493.25
L. Luchini & Son	23,352.75
Louis Balboni	23,477.75
A. Mogavero	36,873.00

CONTRACT NO. 105 — SEWER PIPE

Bidder	*Amount of Discount*	
	2 ft.	3 ft. %
H. M. Curtiss Coal Company	71.1	68
Milford Grain Company	71	68
C. H. Spring Company	70	67

The low bidders were Arthur P. Clarridge and the H. M. Curtiss Coal Company, and the contracts were awarded on that basis.

At the end of the year both contracts were completed and final estimates had been made.

The following tabulation shows the location, size and length of sewers constructed under the Clarridge contract:

Street	From	To	Length of Sewer in Feet 6-Inch	8-Inch	10-inch
Dilla	Interceptor	Purchase		460	201
East	Beach	Summit M. H.	127	309	
East Walnut	Hayward	End	600	845	
Fountain	Purchase	Summit M. H.		600	
Hayward Extn.	East	Summit M. H.		601	
Dilla Inter.	nr. Power Sta.	Dilla			3,363
Purchase	Dilla	Southerly		1,275	
			727	4,090	3,564

The foregoing construction was completed with no unusual difficulties being encountered. It is, however, of interest to note the completion of the Dilla Street intercepting sewer—this sewer furnishes an outlet for the Purchase Street district, north of Glines Avenue, and provides sewerage facilities for this area, which is apparently developing more rapidly than some other parts of the town.

On March 6, 1928, bids were received for furnishing and installing pumping equipment at the low level district station, from the following contractors:

Bidder	*Amount*	*Efficiency per cent*	*Time of Completion*
Starkweather & Broadhurst	$2,612	49.88	60 days
Hayes Pump & Mach. Co.	3,190	45.00	70-80 days
F. A. Mazzur Company	3,591	50.00	50 days

Upon analyzing the bids submitted, and considering the equipment offered, it appeared to be for the best interest of the town to accept the low bid; accordingly, a contract was entered into with Starkweather and Broadhurst, and the equipment was installed and placed in operation within due time. This equipment has been in use constantly, and has proved its ability to handle the sewage without stoppages. Final acceptance has not been made on account of preliminary tests indicating that the

required efficiency has not been developed. The manufacturers are making a duplicate pump at the factory, and will run tests to determine reason for loss of efficiency. We are awaiting the results of these tests before making our final test, and accepting the units installed.

Improvements in the pumping station were made during the time it was shut down for installation of pumps. Iron stairs and platform were installed in the pump chamber, and a granolithic floor was laid; in the sew age well alterations were made which insured the pumps being under pressure at all times, thereby insuring their being primed before starting. This work was done by A. P. Clarridge under an agreement supplementary to his construction contract.

At the disposal plant the dosing tank had been operated with a plank covering which was showing signs of rotting away, and a concrete slab was used to form a permanent roof for this structure, the work being done under contract with Guido Sabatinelli.

We wish to express our appreciation of the courtesy and assistance rendered by members of the Commission and the superintendent, during the year.

Yours very truly,

F. A. BARBOUR.

MILFORD TOWN LIBRARY.

REPORT OF THE TRUSTEES

The Trustees of the Town Library respectfully submit the following reports:

The report of the Librarian which will be found elsewhere in this report indicates the rapid increase in the circulation of our library during the past nine years. Such an increase manifests that unusual interest is being taken in our Library by the adults and that more children are reading. It further signifies that under most unusual circumstances, such as the small number of hours that the Library is open and the size of the Library, it is being handled ably by the Librarian and her assistants. The Trustees would like to see even more adults visit the Library and spend a portion of their time in the reading room where all kinds of magazines, encyclopedias and books for research work are available.

This large circulation has naturally caused a greater expenditure of money and will demand even more in the future because more new books will be needed and many more will have to be rebound. There also seems to be a demand to open the Library every day and if this is done more money will be needed for salaries.

The Trustees feel that in making their annual report they can look upon 1928 as a year of great progress and with a feeling that this institution is giving to the inhabitants of our community much profitable reading and information. Their one desire is to have even more of our citizens make use of it.

Very truly yours,

DR. THOMAS J. NUGENT,
Chairman of Trustees.

REPORT OF THE LIBRARIAN

To The Trustees of the Town Library:

Gentlemen:—I submit herewith the seventieth annual report of the library for the year ending December 31, 1928.

The administration of the library shows no outstanding event during the year, yet the entire work shows a steady growth. Figures never tell the amount of work done, but they are the only means whereby an estimate can be established. The circulation of books was larger than ever in the history of the library. The same staff, with the same hours, carried the work along, although the crowded conditions, added to the few opening hours, made the best service impossible. As Miss Hooper of the Brookline library says, "it is perhaps futile to try to account for the vagaries in the circulation." Undoubtedly, the work with the children this year accounts for much of the increased circulation. While the total circulation was the largest, the net gain was exceeded four times

in the last ten years:—in 1919 with 4,439 gain; in 1921 with 8,892; in 1923 with 4,527; in 1925 with 4,461. The largest daily circulation, 425, tied with that in 1912, being the largest in forty-seven years. The first library day of 1929 bids fair to break all records with 504 books exchanged.

The library was open 302 days. Circulation for the year was 62,810 volumes, as against 60,139 in 1927, an increase of 2,671 volumes. The circulation by departments was: History, 153; Biography, 806; Politics and Law, 23; Travel, 646; Science, 231; Fiction, 28,967; Magazines and Miscellaneous, 2,390; Religion, 133; Poetry, 353; Juvenile fiction, 29,077; Public Documents, 31. Biography shows a gain of over 300 volumes; Travel over 200; Fiction 1,655.

Largest daily circulation, December 12, was 425 volumes. Smallest daily circulation, October 23, was 38 volumes. Average daily circulation was 207.98 volumes. Average circulation per capita was 4.2 volumes.

Amount received for fines was $166.22, which was paid to the Town Treasurer according to State law. Notices sent delinquents, 609; new patrons registered, 820; visitors to reading room, 9,880, against 10,882 last year.

The library contains, as per catalogue, 22,649 volumes as follows:

	Vols in 1927.	Added during year	Vols in 1928.
History	1,216	6	1,222
Biography	1,631	27	1,658
Politics	370		370
Travel	1,455	19	1,474
Science	1,417	37	1,454
Fiction	7,598	170	7,768
Magazines and Miscellaneous	3,596	137	3,733
Religion	534	5	539
Poetry	621	10	631
Juvenile	3,123	121	3,244

Public Documents	536	20	556
Totals	22,097	552	22,649

There were 552 volumes added during the year; by purchase, 332 volumes, by gift, 113 volumes, by binding magazines and reports, 107 volumes. There are 17 years' unbound volumes of Patent Office Gazette. The donors were: Frederick E. Taylor, 33 volumes; Harold Faulkner, 24 volumes; Town of Milford Reports, 14 volumes; State of Massachusetts, 7 volumes; Mildred De Coste, 5 volumes; United States Government, 5 volumes; Ethelwyn Blake, 3 volumes; Annie Daniels, 2 volumes; Carnegie Endowment, 3 volumes; Julius Rosenwald, Charles M. Remey, Ernest E. Smith, M. A. Fish, New Republic, Congressman Robert Luce, Mrs. J. S. Cram, State Street Trust Company, Massachusetts New Church Union, Acorn Press, John Richardson, Stella H. Alexander, R. A. Milliken, William A. Williams, Daughters of Isabella, Alumnae Framingham Normal School, Charles Lathrop Pack, each 1 volume.

The usual fifty dollars for binding reference books was spent this year in binding copies of the Town Reports from 1881 to date, and a small set of books from the reading room. A year of the Daily News is now in the hands of the book binder. The set of Daily Journals, given the library several years ago by George G. Cook, are so valuable for reference, that it seemed advisable to start a bound file of the Daily News.

The report of last year mentioned the new card catalogue, and the work of retyping the cards for adult patrons. The task required typing over 13,000 cards. Now there are two card catalogues, one for the adults and one for the children, thus simplifying the convenience of the patrons.

Other material additions to library equipment are two volumes of Commonwealth History of Massachusetts, edited by Prof. A. B. Harte; a subscription to Creative

Reading, edited by Prof. R. E. Rogers; a map of Milford from the original survey by O. Harkness, Civ. Eng., in 1851, given by the library of Westerly, R. I.; two electric lights by the door in the Memorial vestibule, as requested by some of our patrons; a second number of the Bulletin; a fine picture of Nathan W. Heath, Trustee from 1889 to 1927, given by Mrs. Heath.

State Certificate Reading was used for the fifth and sixth grades, with results shown on another page. This course closed in the summer, and another registration was opened in October which will run until the close of school. From October, through December, 2,304 books were exchanged. The banner day was December 3, when 92 children made their reports and changed their books.

Special reading thus provided for the fifth and sixth grades and special reading arranged for the High school the seventh and eighth grades were unprovided. The Superintendent of Schools, the Principal of Stacy School and the Librarian devised a plan for bridging this break. Each of the five hundred pupils in the Stacy school was given a library card; a tentative list of eight hundred approved titles was prepared; and the teachers were to work out their own scheme for required reading. A definite schedule for changing the books is in use, four rooms exchange books Mondays, five on Wednesdays, and five on Fridays. These books are left at the library at noon, and sent to the school at recess. This necessitates eight or ten hours extra work from the library force, but the relief from congestion, confusion and noise at the close of school, is well worth it.

This extensive use of juvenile books will call for much replacement of worn out copies. As has been said "the importance of replacing books cannot be denied, as the main collection is composed of books that have been tested for years and found acceptable to young readers."

After the flood in Vermont, which destroyed many libraries, the Division of Public Libraries asked local li-

braries to rally to the aid of the stricken places. The local library sent seventy-three good books to the Worcester library for packing and forwarding to Vermont.

During the year the library was represented by the librarian at the four day conference at Hyannis, the meeting at Amherst, and the annual meeting of the Library Art Club in Boston.

Miss E. Louise Jones, Field Library Adviser of the Division of Public Libraries, visited the library in May and December. At the latter visit she met with the Trustees and discussed ways and means of improving existing conditions and service. On the whole, considering the small appropriation, the few hours of opening, the restricted quarters, she reported the library as standing well in the amount of work accomplished.

STATE CERTIFICATE READING

In order to encourage children to use the public libraries and to become acquainted with a few of the best books, the Massachusetts State Board of Education, through the Division of Public Libraries, offers a certificate to any child who reads and reports on five books in a stated list. Honor certificates may be given to any child who has won four ordinary certificates, provided at least five of the books read are non-fiction.

167 children read at least 5 books and won an ordinary certificate.

118 children won Honor Certificates, 20 books, 5 non-fiction.

20 children won 1 certificate, 5 books.

20 children won 2 certificates, 10 books.

9 children won 3 certificate, 15 books.

2 Honor Certificates were won by Sylvia Sainio, Grade 5, Stacy portable.

REPORT OF THE BOARD OF HEALTH.

Report Board of Health

The Board of Health for the year 1928 was composed of the following members: Maurice J. Quinlan, Francis H. Lally, M. D., Oscar C. Ayotte. Dr. Lally tendered his resignation, to take effect March 1st, 1928. At a joint meeting of the Board of Selectmen and the Board of Health held on March 20, 1928, it was unanimously voted to appoint William J. Clarke, M. D. a member of this Board to fill the vacancy made by Dr. Lally's resignation.

The Board organized on March 23 and the appointments were as follows: William J. Clarke, M. D, Chairman; Oscar C. Ayotte, Secretary; Meat and Provision Inspectors, Fred A. Gibson, Edward J. O'Sullivan; Sanitary Inspector, James J. Birmingham; Plumbing Inspectors, Maurice J. Qninlan and John E. Higgiston; Board of Health Nurse, Miss Helen C. Grady, R. N; Dental Clinic Dentists, Dr. William J. Clancy and Dr. Francis X. Kelly.

It was voted to hold our regular meetings once a month, on the first Friday. The Board hel t five special meetings and twelve regular meetings. The Board had three court cases; two in connection with the regulations of garbage collection and one a nuisance, in regard to keeping poultry and unsanitary conditions of premises. The Court ruled in favor of the Board on all three cases.

On Dec. 27th and 28th a Chest Clinic was held in this town at the Elks Home under the auspices of the Southern Worcester County Health Association and paid for by that Association by the money collected through the sale of Christmas Seals. A vote of thanks was extended to that Association by this Board on behalf of the Town of Milford for the splendid work done by its physicians and staff. Two hun-

dred and forty-three people were examined, and a great deal of good will result from this Clinic.

One physician was called before the Board to explain why he did not report a case of Scarlet Fever, which is a very dangerous practice for the general public. He was reprimanded by the Board and was told to report all contagious diseases in the future according to law.

Dr. Oscar A. Dudley, State District Health Officer, was called in on a case of Scarlet Fever by this Board. The case had not been reported by the physician as previously stated. This being the second ease of its kind, Doctor Dudley and the Board called on the patient and later on the physician. The parents of the child told Dr. Dudley that their doctor had told them that the child was ill with Scarlet Fever. The Doctor later told the Board and Dr. Dudley that he was not quite sure that it was Scarlet Fever. Dr. Dudley then reminded him that the penalty for failure to report a contagious disease was a fine of $200.00 and the revocation of his certificate to practice medicine for one year.

Scarlet Fever and Measles were two of the leaders for this year in contagious diseases; although we had a few cases of Diphtheria, they were of a mild type; antitoxin was given in time and further trouble avoided. Whooping Cough had a small number compared to other years and a few cases of mumps were reported.

REPORT OF PLUMBING INSPECTOR.

The following permits for plumbing were granted for the year 1928, and after inspection work approved:—

Water closets	108
Lavatories	62
Bath tubs	60
Sinks	68
Wash trays	27
Domestic hot water boilers	87

The inspectors wish to call the attention of the public that the installation of all plumbing calls for a permit before beginning work, and that permit can only be given to a licensed plumber. Much of the trouble with kitchen boilers

blowing up lately, both in town and throughout the state, is because of installation by careless and incompetent workmen. By insisting that the work be done only by licensed plumbers and the work inspected may mean the saving of needless loss of life or serious injury.

Respectfully,

JOHN E. HIGGISTON,

Inspectors.

Report of Park Department.

To the Citizens of the Town of Milford :

We hereby submit our report for the year 1928.

This year we received a special appropriation of one thousand dollars for the walks. Owing to the flood of 1927, which caused numerous washouts, the walks were in very poor condition. We resurfaced all the walks and put in a new gravel walk connecting the Walnut and Emmons street walks. We also put in a new gravel walk in Bancroft Park and seventy-five feet of cement walk on the lower part of Town Park near Walnut street. There was some discussion as to whether cement or cinder walks would be the most suitable. After careful consideration of the ground which is very wet and the enormous expense which the proper installing of cement walks would entail, we decided that cinder walks would be the more suitable and serviceable. We put in 200 ft. of six-inch tile pipe and 100 feet of eight-inch iron pipe to take care of the drainage along the walks and prevent washouts. The walks in general are in fair condition.

We put up a chain link tennis fence on both ends of the tennis courts. This fence has galvanized pipe posts embedded in three feet of cement and will wear indefinitely. We also put in iron posts for the tennis nets, which are also set in cement. We built an underlying drain in the new tennis court to take care of the water which in the past continually made this court useless. The courts were resurfaced, and we bought a preparation, calcium chloride, which kept the courts moist and free from dust. We realize that the courts are not perfect, but it is our intention to keep them in as good condition as possible.

We put in an open drain along the upper bank of the athletic field, with a catch basin in the center, to take care of the surface water, and also the water from the tennis courts. We drained the catch basin into the brook in the lower part of the park. There are several underlying flagstone drains in the outfield of the ball diamond, which are covered with only a few inches of dirt. Every time it rains the outfield has to be

gone over and several washouts, caused by improper drainage, filled in. This is an expense which could be removed, either by repairing the present drains or by installing new ones.

We were obliged to repair the cement posts under the bleachers at no little expense.

We put in thirty yards of filling on the lower part of the park, opposite the Park School. We then found it necessary to put in 150 feet of cobblestone curbing on Walnut street side to stop the water from coming into the park and causing washouts.

This year we found it necessary to remove several trees from both Town Park and Draper Park. The trees removed were found to have decayed trunks and tops, caused by ants. This will have to be taken care of this Spring or all the trees will be affected.

Because of the addition to the Plains school we were forced to change the arrangement of the playground equipment. We are so cramped for room that the swings go over a wire fence along adjoining land. There is practically no shade at all at the Plains playgrounds. There is an excellent lot of land adjoining the Plains school, belonging to the M. H. & F. Bus Co., which could be bought very reasonably and would make a wonderful improvement both to your playground and school. The Park playground is an ideal location, having plenty of shade and far enough removed from the streets, but we do recommend a change at the Plains playground.

In closing we wish to pay a tribute to one who has passed from us, Mrs. John F. Damon, a most capable and intelligent supervisor. She was as a mother to the children who attended the playgrounds, and gave willingly of her time without recompense.

We take this opportunity to thank all those who have assisted us in any way during the past year.

EDWARD V. BURNS,
SIMON P. HICKEY,
CHARLES F. GILLON,
Park Commissioners.

Report of Inspector of Animals.

THE HONORABLE BOARD OF SELECTMEN:

The past year, ending Dec. 31, 1928, has shown the same steady condition of good health in cattle, as concerning contagious and infectious diseases of these animals.

Each year shows an improvement as to the number of animals reported or discovered to be suffering from tuberculosis. This decrease of cases is due to the fact that dairymen and laymen alike realize the necessity of producing milk from healthy cows, and are more and more careful to select only those animals which are tested and in good condition when purchased.

We had a mild outbreak of Rabies during the year as a result of a stray rabid dog making its appearance from a neighboring town and spreading the infection through the town of Milford.

Of those quarantined by special order four dogs were destroyed, and on state examination were found to be positive cases. A large number of other dogs were examined and put under special observation, but all were found free of the infection.

As a result of this outbreak, a general 60-day quarantine was imposed on all canine animals.

No contagious or infectious diseases were reported among swine this year.

DR. B. F. HARTMAN,
Inspector of Animals.

Report of the Inspector of Wires.

To the Honorable Board of Selectmen:

I would submit the following report of the Wire Inpection Department for the year 1928, the fourteenth year of the service.

The inspections of interior wiring for the year were as follows:

Certificates issued for:

68 Meters for lighting in finished buildings.
23 Meters for lighting in new buildings.
45 Meters for power in all classes.
18 Certificates for changes to old installations.

Naturally conditions have reduced the amount of new building, but the installation of refrigerators, oil burners, A. C. radio sets, and a great variety of appliances has caused a large volume of work in additions and changes.

The number of consultations with contractors and property owners continues to increase.

The New England Power Co. has duplicated its new steel tower 100,000 volt line through town and both lines are in continuous service.

The discontinuance of street railway service has made possible in the near future the removal of all poles on the portion of Main Street between North Bow and South Main Streets, but a very large part of these poles are at present used by the fire alarm and police signal wires.

All the fire alarm wires in this section should be placed under ground in ducts already provided by the New England Telephone and Telegraph Co.

Provisions for these changes should be made by the town

at once so that any new street construction need not be disturbed.

Poles and structures of the Milford Electric Light & Power Co. and the New England Telephone & Telegraph Co. are in very good condition.

Respectfully submitted,

FRED M. DANIELS,
Inspector of Wires.

Report of Sealer of Weights and Measures.

Milford, January 1, 1929.

To the Honorable Board of Selectmen:—

Gentlemen:—I hereby submit my report as Sealer of Weights and Measures for the year ending December 31, 1928. All places of business in the town of Milford were visited by me, after notifying by public notice as the law requires, that all scales, measures, etc., would be sealed without fee, if brought to my office.

Outside calls for Sealing			335
Sealing Fees			$166 03
Paid Town Treasurer Benjamin J. Clancey			$166 03
Licenses for Hawkers and Peddlers			$200 00

Thanking the Honorable Board of Selectmen, and the public, for the assistance given me during my term as Sealer of Weights and Measurs.

I am respectfully,

DANIEL M. O'BRIEN,
Sealer of Weights and Measures.

Report of the Town Solicitor.

To the Voters of the Town of Milford:—

This department has had the usual routine matters and requests for opinions during the year. Several takings of land by eminent domain for extension of the sewer system as required by the Sewer Commissioners have been made.

In the action of Kilburn against the Town of Milford, an agreement for judgment has been entered whereby the Town is to pay $625.00 in settlement of this claim. As the appropriation for claims has been exhausted, it will be necessary for this amount to be raised and appropriated in 1929.

The demands made by the Police Department and the prosecution of cases involving intoxicating liquors and violations of the automobile laws have not been as numerous during the past year.

I thank all of the officers and boards for the many courtesies extended.

Respectfully submitted,

CHESTER F. WILLIAMS,
Town Solicitor.

REPORT OF THE SCHOOL COMMITTEE.

To the Citizens of Milford:

Your school board submits for your consideration, its annual report, and the report of the superintendent of schools, and asks your careful perusal and constructive criticism.

Once again, we emphasize the over-crowded conditions, making the disastrous double platoon system necessary, and hope that you will soon remedy this inexcusable situation.

The following budget has been considered by your committee and is deemed necessary for the coming year.

Report of the Superintendent of Schools.

To the Honorable School Committee of the Town of Milford,

Gentlemen:—

I present herewith my 18th annual report, the 51st of such reports in the history of the town.

It is true that owing to industrial depression there has been a slight falling off in the enrollment of the public schools for 1927-28 as compared with 1926-27 but for October, 1928, as compared with October, 1927, there was a gain of 11.

Enrollment for 1926-27	2991	
Enrollment for 1927-28	2988	
Decrease		3
Enrollment as of October 1, 1927	2999	
Enrollment as of October 1, 1928	3010	
Gain		11

The above figures do not include the part time Continuation school.

NEW PORTABLE SCHOOL

During the summer of 1928, there was purchased from Messrs. Edward E. Babb & Co., a two-room portable school house. The new building was placed on the Park school grounds where it takes care of two large fifth grades. The building was erected by the manufacturers —The Thayer Portable Schoolhouse Co., of Keene, N. H. Features are a metal lined furnace room, panelled ceilings in the school rooms, and a permanent shingled roof.

OVERCROWDING.

The school year 1927-28 and the beginning of the current school year, 1928-29, brought forcibly to our attention about the same degree of overcrowding as in recent years. The number of double platoons or half day classes is 14, as against 18 of the previous year, but a two-room portable school has been added to our equipment and still there are 14 half day classes.

The matter of overcrowding in the Milford High school remains desperate. In the school report for 1924, there was featured an excellent plan for an addition to the present High school. In the school report of 1926, there was presented the description of an adequate High school, splendidly located,—architecturally a credit to any municipality—that promised to take care of the needs of the High school and, by leaving the present High school free for other uses, it promised to take care of the grade situation for years to come. In the school report for 1927, there appeared an elevation picture and floor plans of a third attempt to provide adequate room for the High school. Suffice it to say that, owing to certain phrases incorporated in the report of the legislative committee recommending an enabling act to take a piece of land from the Town Park for part of the location of the proposed new High school, whereby, first, the entire proposal must be submitted to a referendum and, second, the project could only be taken up at a regular annual town meeting, and further, owing to the fact that the act was not reported back as passed and signed by the Governor until after the regular annual town meeting for 1927 was over, the whole matter has been thrown into the discard for one year. *It is to be hoped that those among the citizens who care whether the Milford High school survives will unite in an earnest, honest effort to give the Town of Milford a home for its High school adequate in size, worthy in form and suitable in location.* The writer takes this opportunity to remind your committee and the

citizens generally that there are not, and have not been since 1925 administrative quarters sufficient in size, unified in location or capable of being warmed in winter so that the staff can work there in the early hours of the day. That the office staff is entitled to adequate quarters, well lighted, heated and ventilated and arranged specifically for the purpose in hand, would not seem to call for argument. That an office 14 feet by 18 feet, and a supply room even smaller, in which to meet the public, receive, check and disburse books, supplies and janitors' goods, and store a small stock of the above for emergency use, as well as the regular office files and several thousand working certificates—originals, duplicates and repeats, in 13 classifications, with the stock cards and indices corresponding to the above, is altogether too small, seems to need no argument.

The administrative quarters of a school system should be sufficiently large and so suitably planned that the staff could easily demonstrate efficiency in their functions and, on the material side, in the matter of official housekeeping, set an example to every other office in the municipality as well as to every principal and to every teacher in orderliness and dignity.

CHANGES IN TEACHERS

In addition to the changes in teachers already noted in connection with the High school, there have been changes among the grade and special teachers as follows:

Left the Service

Principal W. A. Beaudry of the George E. Stacy school left the service in March, 1928.

December 3, 1928, Miss Nellie M. Conely, a grade teacher in the Milford schools for four decades and Principal of the Oliver Street school for a considerable portion of that period, entered into rest. Miss Conely will be kindly remembered by several generations of Milford's young people.

Miss Esther J. Fahy, teacher in the Stacy school since 1924, left to accept a position in her home town.

Miss Marie Metrano, a teacher in the Park and later in the Stacy school since 1921, left the service to become Mrs. George Lally.

Miss Alice R. Carroll, teacher in the Milford schools since 1926, on a leave of absence for the last year or more owing to failing health, resigned at the end of the fall term.

Continuation school:—Miss Ruth M. Wagner, teacher of the girls' Continuation school for the school year 1927-1928, left the service at the close of that year to be married. Miss Wagner was very successful in her field and the best wishes of her classes and many friends follow her.

Entered the Service

Miss Mary E. Davoren, Milford High School 1924, Framingham Normal school 1926, two years experience in Ashland, assigned to Purchase Grammar school.

Miss Isabelle MacLachlan, Milford High School 1925, Framingham Normal school 1927, assigned to Senior special class.

Miss Mary K. Casey, Milford High School 1921, Fram-

ingham Normal school 1927, assigned to the Batavia class.

Continuation school:—Miss Ellen R. Quirk of Bondsville, Mass., a graduate of the Household Arts department of the Framingham Normal school, 1928.

TRANSFERS

Mr. John L. Davoren, senior atypical class to George E. Stacy school, upon his election to the principalship of that school.

Miss Evelyn C. Curran from Grade III, Plains Primary school to Grade IV, Oliver Street school, upon her election to the principalship of that school, succeeding Miss Nellie M. Conely.

Miss Grace M. Carron, Grade III-IV, Plains Primary school to Grade III, Primary school, succeeding Miss Evelyn C. Curran.

Miss Nina H. Mazzarelli, Purchase Grammar to George E. Stacy school.

Miss Rita K. Fitzpatrick, Junior atypical class to George E. Stacy school.

Miss Mae K. Miller, Grade I, Oliver Street school to Grade I, West Street school.

Miss Rita J. Edwards, Batavia class to Grade III-IV, Plains Primary school.

Miss Esther Gagliardi, Grade III, Oliver Street school to Junior atypical class.

Recommended for introduction:—

HIGH SCHOOL

For the fifth year now, the High school is double platooned; for the fifth year, we are in antiquated quarters, less than half large enough for the purpose in hand, without assembly hall or library, properly speaking, and with no gymnasium or lunch room facilities at all.

The annual report of progress from the Principal of the High school is in my hands and from it I freely quote:—

Enrollment

"The student body of the High school in September numbered 529—about the same number as last year, although our freshman class was one of the smallest in recent years."

1928 Graduation

"Ninety-six students were graduated in June. The program was very much the same as that of the previous year. A detailed account of it will be found elsewhere in this report. Miss Helena F. Swift, Supervisor of Music, directed the musical part of the program in an excellent manner and Miss Dorcas Whipple, Supervisor of Drawing, had charge of the beautiful decorations of the Hall. Previous to awarding the diplomas, Judge John C. Lynch spoke eloquently about the aims of Education and stressed the importance and immediate need of more school

accommodations. Afterwards Major William G. Pond of Worcester, Past Commander of Segt. John W. Powers Post, No. 59, American Legion, made the presentation of the American Legion School Award medals.

Prior to making the awards, he outlined the ideals of the American Legion and pointed out that it was not fostering a military spirit. The importance of character and the efforts of the Legion to promote true American citizenship by awarding medals to the boy and the girl in the eighth grade of the grammar schools who have distinguished themselves as possessing the attributes of ideal citizens were emphasized. The medals were presented to William Bellantonio and Theresa Consoletti of Grade 8 in the Stacy school.

Prizes, Medals and Awards

"The following awards were made at the Commencement:

"Two of the four Patrick prizes offered in 1928 by Mrs. Cushman, daughter of the late Henry L. Patrick, of Hopedale, were won by students of the school. The subject of the essays was "The Best Means of Bringing about World-Peace." The first prize of $25 was won by Robert T. Billings, and the fourth prize of $10 by Florence E. Snow.

"The Dr. John V. Gallagher medal, awarded annually to the pupil of the senior class who earns his letter in athletics at least three times and obtains the highest scholastic average of those eligible for the prize, was won by Ralph Shaw. Mr. Shaw was closely approached for the honor by John Merrilees.

"The Washington and Franklin medal, given each year by the Massachusetts Association of D. A. R. for excellence in the study of United States History, was awarded to Florence E. Snow.

"The two medals of the National Association of D.A.R., awarded on the basis of dependability, leadership, per-

sonal conduct and patriotism, were won by Elna Whitney, representing the girls and Samuel Ianzito, representing the boys. These medals were given by a member of W. R. C., No. 72. In connection with this award, ten essays were submitted on the subject, 'The Attributes of a Good Citizen,' and for the best essay submitted, Elna Whitney was awarded $10.

"The Book prize, gift of the class of 1917, for excellence in the studies of English, History and Latin, was won by Lucy Iacovelli. Helen Luby, ranking second, was awarded a book prize by the school.

"The Sadie A. O'Connell Posture medal, awarded to the Senior Expression student who by the end of the year has shown the greatest development in posture, was presented to Mary Swift.

"The David Garrick Dramatic Club presented to Samuel Ianzito, for faithful service rendered during his membership, a year's subscription to the Theatre magazine.

"The following typewriting awards were made: Remington, Silver pin for 53 words a minute, Marie DeLuzio; Underwood, Silver pin for 52 words per minute, Roger Dolloff; Royal, Gold pin for 54 words per minute, Gladys Eldridge; L. C. Smith, Gold pin for 63 words per minute, Marie DeLuzio. The latter was the highest award of the year, Miss DeLuzio writing 63 words a minute for 15 consecutive minutes.

"Miss May Vernon was awarded a bronze pin by the L. C. Smith Co., for proficiency in typewriting.

Schubert Day

During the week of November 18, 1928, the 100th Anniversary of Franz Schubert's death was commemorated. Miss Helena F. Swift, our Music Supervisor, [illegible]ing to impress upon the students of the High schoo[illegible]e importance of his works conducted an excellent and [illegible]y appropriate program for the morning Music Class, Wednesday, Nov. 21.

During the assembly, Miss Swift discussed Schubert's

life and commented upon the numerous compositions which he had written. The Music Class sang Schubert's "Life All Victorious." Miss Lavelle Macuen, pianist of the Music Class, played "Who is Sylvia?" and "Rosamunde". After Miss Swift discussed the "Erlking" and told why it was one of the most remarkable art songs of all musical literature the selection was rendered on the victrola. The "Unfinished Symphony" was afterwards given. The program closed when Miss May Vernon, Miss Eleanor Luchini and Miss Macuen rendered Schubert's Military March.

Changes in Teachers

"In the summer of 1928, Miss Lillian E. Sweet, a very successful teacher of Latin and French, resigned to become Mrs. Carlton Moore. In August, Miss Mildred E. Collins, a capable teacher of Civics, resigned to become an instructor in the Watertown High school. Miss Regina Curley, a graduate of St. Mary's Academy and also of Trinity College, was elected to succeed Miss Sweet. Miss Inez E. SanClemente, Milford High school 1923 and a graduate of Boston University 1927, was elected to succeed Miss Collins.

Athletics

"For the second time in three years our baseball team won the Midland League Baseball Pennant. The percentages of the Hudson and Milford teams being the same at the end of the league season, a deciding game took place in Hopkinton on June 28, the day following our graduation, and in this playoff Milford High came out victorious. The baseball pennant which was won on that day was presented to the school on January 11, by Alfred J. Riani, secretary of the Midland League and was accepted by the Principal of the school.

"At the exercises held in conjunction, Coach Riopel, Submaster Berry and Supt. Caswell spoke. Mr. Riopel is to be congratulated upon the success of the team.

"The football team was composed of a number of new

men and while their record was not as impressive as that of some years all of the boys on the squad worked hard to give us a representative team.

"Miss Agnes R. Lynch of the Commercial Department has aided me greatly during the past two years in looking after the business arrangements connected with our athletics."

For a High school with proper gymnasium equipment and a well-surfaced, drained athletic field with stadium or bleachers and facilities for collecting revenue, to compete with other schools similarly equipped and win, is creditable and High schools all over the state are seeking just that sort of prestige. When a school, then, lacking any gymnasium equipment and having access only to an unenclosed Town Park without proper surfacing or drainage and no facilities for raising revenue, except passing the hat,—when a school so situated, lacking in all proper equipment, wins two baseball championships within three years and makes a good showing in football, that school deserves consistent and persistent interest and strong financial support at the hands of its public.

Club Activities

"During the past year a Latin Club was organized under the direction of Miss Loretta E. Murray. The purpose of the club was to create interest and enthusiasm among the students of the Classics and to also take up the study of classical literature. A Commercial Club was also organized. Miss Lillian L. Egan had charge of this club—the purpose of which was to increase the interest in the commercial branches and to afford further knowledge of the operation of various office appliances. The two clubs functioned well.

Short Story Contest

"Once again a Milford High school Senior was awarded one of the ten prizes in the Boston Traveler Short Story Contest, open to the students of the High schools of New England. In the 1928 contest the ninth prize, $5,

was won by Miss Winnifred Crowley of the class of 1928 with her story "The Irony of Fate". Other seniors receiving special recognition for their stories were Gertrude Moran, Elna Whitney, George Siipola, Elizabeth Sails Helen Luby, Marguerite Taylor, Helen May, Ethel Mann and Doris Gorman. I wish to compliment Miss Marion A. Ryan, teacher of Senior English and the above students for their excellent work.

Oak, Lily and Ivy

"The Oak, Lily and Ivy was published at Commencement time and its contents were up to the usual high standard. Miss Ryan of the English Department had charge of the literary work and Miss Egan supervised the financial arrangements. The receipts were given to the Athletic Association.

Dramatics

"The David Garrick Dramatic Club conducted its activities during the past year under the capable direction of Miss Sadie A. O'Connell. On May 25, the four plays, "On the Park Bench," "The Seige," "The Boor" and "The Difficult Border" were presented in the Assembly Hall. Miss O'Connell is to be praised for her skilful direction of the plays and likewise the students for the excellent rendering of their parts.

Social

"The annual Junior Prom was held in February and was a success. The Football Dance and the Senior Prom were also ably conducted. The receipts of the two proms were placed in the class treasuries and the proceeds of the Football Dance were devoted to the purchase of athletic equipment.

Gifts During the Year

"The W. R. C. through its patriotic instructor, Mrs. Florence Knight, gave us a beautiful American Flag on April 18. The Flag was given in memory of Lucius E. Heath, at one time a town official and a Past Commander of Post 22, G. A. R. Representatives of all of the patriotic

organizations, some of the members of the School Committee, and Supt. Caswell assisted in the exercises at the presentation. The beautiful flag now occupies a prominent place on the stage and the faculty and students appreciate the gift and are thankful to Mrs. Knight for her efforts in making it possible.

"Class of 1928—$46.42 (to be added to the Honor Roll Fund).

"Miss Eunice Lawrence—Fourteen volumes to our High School Library.

"Manager J. B. Hurl of the Milford Opera House had the entire football squad as his guests at a Football Night in November. The program included the showing of several pictures of Milford High Football teams and some football pictures of college teams in action. The members of the squad are very thankful to Mr. Hurl for his kindness.

RECOMMENDATIONS

1. "The great loss of time suffered by the members of the Freshman Class is beginning to show its effects when these students reach the Senior year and it seems most desirable to have a longer school day, if we are to continue to properly train our High school pupils for admission to college. It has also become very noticeable that very little home study is being done by the students and a longer school day would enable the students to do most of their outside study during a properly supervised study period."

Of course, the one satisfactory solution is the provision of a new High school building, placing the entire day at the disposal of the High school for a session of sufficient length and the opportunity for supervised study in the school, return assignments in the afternoon for scholarship, discipline, etc.

2. "I would strongly urge the parents to have their children avoid unnecessary absences. If this were done the scholarship would in most cases be improved."

GEORGE E. STACY SCHOOL

On March 22, 1928, the principalship of the George E. Stacy school became vacant. The undersigned takes this opportunity cordially to thank the teaching staff of the Stacy school for the very intelligent and loyal way they co-operated in carrying the school through the remainder of the school year. At the beginning of the current school year, Mr. John L. Davoren, Milford High school, 1920, Emerson College, 1926, was elected Principal of the George E. Stacy school. Mr. Davoren brought to his work a considerable amount of advanced professional training in Education and entered upon his new duties with enthusiasm.

"The Stacy school began the school year with a total registration of 552 pupils during the first month; 307 in in the seventh grade and 245 in the eighth grade. Considering the crowded conditions teacher-changing was reinstituted and seems to have justified itself in a saving of the time usually lost between classes.

"I am glad to report an increased interest in the Mothercraft course established in the school by the Quinshipaug Woman's Club. The large number of girls applying for the course made necessary the formation of a second class with prospects of a third if time will permit. This valuable course is entirely supported by the Woman's Club and is taught by a club member, Mrs. William F. Sherbourne.

"Boys have been offered a course in Oral English for the first time. Classes occur while the girls are at Household Arts classes and the course comprises the elements of public speaking, Oral English, and Debating, with special attention given to topics of the day and Current Events. It is intended to supplement the work of the English department as well as to stimulate the boys to a desire for outside reading. The response is encouraging and many of the boys show an exceptional improvement in speech habits.

"Through the courtesy of Miss Ethelwyn Blake, librarian, the school has been permitted to enjoy the facilities of the town library in extending the scope of our course in Reading and Literature. A list of over 700 approved books has been compiled, and through the co-operation of Miss Blake, books are delivered at the school so as to be available for our regular weekly period of silent reading."

GIFTS DURING THE YEAR

In addition to the list of gifts, prizes, honors, medals and awards enumerated in the report of the High school, there have been gifts to the grade schools as follows:—

Spruce Street school:—A beautiful vase from the Quinshipaug Woman's Club, and 7 books from Miss Florence Cenedella to Grade IV, Spruce Street school.

Park school:—13 Volumes of Roy Blakeley by Percy Keese Fitzhugh, 5 Volumes of Tom Slade by Percy Keese Fitzhugh, 2 Volumes of Pee-Wee Harris by Percy Keese Fitzhugh, presented by Alfred B. Cenedella, Jr. to the 6th Grade, Park school.

GIRLS' CONTINUATION SCHOOL

As noted elsewhere, the girls' Continuation school has been in charge of Miss Ellen R. Quirk, a graduate of the Household Arts department of the Framingham Normal school. Miss Quirk says, among other things:—

"The girls' Continuation school opened September 10, 1928, with 32 pupils. This number has increased during the year to 69 pupils at the present time.

"Each class day consists of four hours, two of academic work and two of non-academic or vocational work. Instruction is given in Hygiene, Citizenship and English,—oral composition and letter writing—Arithmetic and History in academic classes. The vocational work deals with cooking and sewing, as related to the home. These courses alternate each ten weeks. The girls are much interested in this part of the work. The preparation of health-giving foods, the serving of simple, well-balanced meals, courtesy at the table and problems in marketing

are stressed in the foods classes. The making and care of personal clothing and home furnishings are the topics dealt with in the clothing classes.

"We extend our thanks to the members of the School Committee for the greatly appreciated improvements which make our work safer, more enjoyable and more efficient."

Miss Quirk has interested her girls in Club activities and among other activities, a most enjoyable Hallowe'en party was given in the High school assembly hall October 31, 1928.

BOYS' CONTINUATION SCHOOL

From the report of Mr. A. W. Chilson, teacher:—

"The boys' Continuation school opened with an enrollment of 35 pupils. This number was soon increased by new arrivals as in previous years.

"The work is divided into two classes, non-academic or shop work and academic or class-room instruction in Hygiene, Civics, English and Arithmetic. Numerous cases of Continuation school graduates have been brought to the attention of the teacher and in all cases, the results of the training received in the school have been manifest.

"With this school in quarters fitted for it and with more varied equipment, it could secure more and greater results.

NIGHT SCHOOL

Sessions of the Evening schools were under the direction of Submaster Frank C. Berry of the High school as one year ago. Mr. Berry's report follows:—

"The Night school opened October 1st and continued through the usual 12 week period, closing December 19th. There are two hours of instruction each night, or 70 hours of instruction in the course. The work consists of the instruction in elementary subjects. Other classes would be organized if sufficient numbers could be interested in their formation.

"The teachers, Misses Gilroy, Mawn and Ranahan,

were interested in their work and did much to create an incentive for work in the students. The attendance was slightly lower than in previous years due probably to working conditions. There were no students paying tuition.

"The average membership was 26.76. The average attendance was 20.68. The percent of attendance was 77.2. Ages varied from 16 to 42, the average age being 23.2.

"There were 14 compulsory and 22 voluntary students."

ATYPICAL CLASSES

As is observed earlier in this report, the material setting, hours of work and conditions generally, for the two special classes are about as bad as they could be. The classes should number no more than 12 to 15 each, housed in proper school rooms of their own, with a two-part daily session, in charge of trained teachers.

Compare the situation in which our classes find themselves:—

Nearly or quite twenty in a class, sharing class-rooms with High school students, coming to school from 1.15 to 5.15 P.M., working the last hour or hour-and-a-half by artificial light and going home long distances after dark. Our teachers (not specially trained for this work) deserve credit for doing as well as they are doing in this work in such a situation!

Senior Special Class

Miss Isabelle MacLachlan, teacher, says regarding her class:—

"On September 10, 1928, the special classes opened for their term. The senior special or over age group opened with twenty pupils in attendance, nine girls and eleven boys.

"The class in the afternoon platoon, attending school from one o'clock to five o'clock. The ages of the pupils range from 12 to 16. At the present time, the class consists of eleven boys and six girls.

"One boy left school October 29 in order to work and re-entered December 3.

One boy left school October 25 for Reform school.

One boy left school October 26 to work.

Two girls returned to the Fourth grade.

One girl left school for home employment.

"The subjects taught are Arithmetic, Reading, Spelling, Geography, Penmanship and Hygiene. These subjcts are not taken up in the same way they would be in a regular grade because of the great need for individual help. Drawing and hand-work are also taken up.

"I find that the girls are much more ambitious than the boys. With the exception of two girls, I find that progress on the whole is very slow. Two girls will, I think, be able to enter the Fifth grade at the end of the year as they are working well and showing much progress. The children in this class are grouped as follows:—

Grade	*Number in Grade*
V	2
IV	10
III	4
II	1
I	1

"I find that the best readers are poor in Arithmetic and *vice versa*.

"More progress would be made under a trained and experienced teacher."

Junior Special Class

Commenting on the work of her class, Miss Esther Gagliardi, teacher, observes:—

"Twenty-one pupils were enrolled in the Junior Special class in September, ranging from 8 to 14 years of age. Due to the varied abilities of this class and the great need for individual and small-group work, the outstanding subjects have been Arithmetic, Reading, Spelling, Penmanship and Drawing.

"At this date, the Junior Special class is graded as follows:—

Grade	*Number in Grade*
III	3
II	8
I (Advanced)	3
I (Beginners)	4

PHYSICAL TRAINING

The work of the department of physical training of the Milford public schools is divided into two parts, one having to do with the training of the athletic teams of the High school and the other with the physical culture work of the grades.

Says Director Riopel:—

"In athletics, the High school boys have made a creditable showing in the two major sports of the school. Last spring Milford High school won the Midland League championship after an exciting series of contests, and an extra post-season contest was necessary to decide the winner of the series."

The deciding game was played at Hopkinton and largely with second-string men. Milford won the decision after two men were out in the second half of the ninth inning in one of the most exciting games in the writer's memory.

Continuing, Mr. Riopel says:—

"The football team also made an excellent showing. Most of the players were inexperienced and were very young in years and light in weight. In spite of these handicaps, they played the game with courage and dash and held their own against teams of much older and larger boys. They deserve the highest commendation although they did not win all their games.

"It should be the aim of every High school and college to have every boy and girl engaged in some branch of athletics. Very few High schools of the country have as yet attained this goal, although all well-ordered systems are working in that direction. I wish that basket-

ball and track games might be available for the boys of Milford High school.

"The new tennis courts built by the town have given those High school girls who are athletically inclined an opportunity for wholesome exercise. I wish it were more nearly possible for the girls to have an opportunity to play field hockey for this game is a means for physical development. It is played in the open air and sunshine and furnishes the only opportunity for team play that is available for girls.

"I have endeavored to stress the moral values of competitive athletics in my dealings with the boys under my charge. Some of these are self-control, courage, sacrifice of self-interests to the interests of the team and loyalty to the school and the town, honor and true democracy.

"Without these virtues, the athlete has little to gain from interscholastic competition.

"The work in physical training in the grammar schools has been carried on much the same as in former years. Persistent effort has been made to improve the posture of the pupils, particularly those of the lower grades. Without good porture, good health is impossible and without good health, much of life's happiness is lost."

MUSIC DEPARTMENT

The work in Music has been under the competent direction of Miss Helena F. Swift. About her work for the year under review, Miss Swift observes:—

"There is nothing more important for the advancement of musical appreciation than the practical teaching of music and singing in the public schools.

"A child is impressed through his environment and the kind of education imparted; he is an imitator and practical results are obtainable at the beginning only through emulation. If he does not hear a good quality of sound, he cannot imitate it. Thus, in our course of study, we have endeavored to give proper instruction of tone in all its purity.

"Our High school classes, numbering over two hundred, have studied many of the standard classics arranged by the best composers. During the fall term, an illustrative lecture marking the one hundredth anniversary of Franz Schubert's death, was given."

This was a most worthy and enjoyable memorial occasion. Miss Swift gave the music classes an excellent paper on Schubert's life and work and representative songs were preesnted from Victrola records or played on the pianoforte. Notice of this affair with complete program appears in the report of the High school.

Continuing, Miss Swift says:—

"In our Junior High school, much technical work including the writing and recitation of scales, octave and arpeggio in the various keys have been taught. The reading and singing of many part songs of excellent quality were enjoyed.

"Songs in two and three parts were taught in the fifth and sixth grade where much technical work has been accomplished.

"In the primary grades, we have endeavored to develop in the child a love for music, a pleasure in song as a means of expression through individual and concerted singing and also, to develop through intelligent listening, an appreciation of that which he hears. Satisfactory results have been attained in the various classes.

"I still strongly recommend the installation in each building of a Victrola as an aid toward the appreciation of good music."

ART DEPARTMENT

Miss Dorcas Whipple, head of the department, comments on her work for the year as follows:—

"Art, when combined with life's environment, becomes a growing human benefit. Utility may be attached to art without subtracting from the beauty of art. Therefore, our art projects both in the Junior High and High school are developed along the lines which combine util-

ity with art principles. Problems of color harmonies—applied to dress and to home furnishings, are used. Originality is developed by designs, illustration, posters, garden and house planning. And workmanship is improved by problems in construction, measuring, lettering, etc.

"The Christmas craft project of tyed and dyed work was enthusiastically worked out by the pupils in the Stacy school.

"Milford won success for the third consecutive time in the Massachusetts Savings Banks Association poster contest. Theresa Consoletti, Grade 8, Room 13, Stacy school, won second prize in the Junior High school group, an Marie Kapatoes, Freshman in the High school won a special prize with her poster. More than 100 posters were submitted by Milford students.

"It should be borne in mind that this was a state wide contest and 1112 posters were submitted.

"Some very fine work is being accomplished by High school Freshmen students in their afternoon classes both in the mechanical and freehand divisions.

"Mechanical drawing students in the upper classes are being trained in draughtsmanship. Even here, utility and practicability are used in the problems studied; working drawings of furniture and machine parts, detail and assembly drawings, sections, developments, plans and blueprinting.

"The course in the freehand division covers, nature study, designing, lettering, stenciling, modeling, object drawing and house planning, with work in these mediums; pencil, pen and ink, charcoal, pastels, water color and poster colors.

"Some original and rather interesting designs for stained glass windows have been worked out by the students, the subjects being those of the different school departments, the designs being applicable for use in a high school assembly hall.

"Competition for a Milford High school seal to be used on the school stationery, brought forth several good designs. Edward Porter's design, class of 1930, was finally selected and is now in use. Another design by Margaret Taylor, '28, was selected for a school stamp. This design was later incorporated into the Commencement program cover which Miss Taylor also designed.

"Headings for the Oak, Lily and Ivy were drawn by Donald Ray, 1928, a student of the art class.

"Three graduates of the class of 1928 are attending art schools.

"The principal and teachers of George E. Stacy school are thanked for their helpful co-operation during the past year."

Miss Condon, assistant supervisor, says:—

"The Drawing lessons for the school year 1927-1928 in the first six grades have followed along the general lines of the previous year. Believing that freehand drawing is the most necessary and most important part of our work, we have given almost all our time to it.

"The lessons include color study, designing, perspective drawing, posture work and figure construction.

"In spite of so many outside attractions for the children, an attempt has been made to interest them in the beauty of their every-day environment."

SCHOOL SAVINGS

The following statement by Mrs. Brooks of the Milford Savings Bank is interesting and significant:—

"School Savings for the fourth year has opened with its best efforts. Oct. 31, over 91% of pupils enrolled in the public schools are participating as School Savers. The weekly number of deposits has been high, but the Savings Bank still emphasizes the regular weekly deposit from each pupil. All but three buildings of more than one room have been on the Honor Roll,—above 80% depositing.

"Next year the Milford schools are to be included in

the annual report of School Savings work in the schools of the United States. May the girls and boys strive to represent their town of Milford with a high record. In the Savings Banker for Jan. 1929,—a monthly magazine published by the Mutual Savings Banks of Massachusetts, Milford, with a rating of 91.4% was 17th on the list of schools in Massachusetts with high percent of enrollment. Grafton and Millbury, our near neighbors, were 91%.

"Up to Jan. 1929, 2234 pupils were participating as School Savers out of an enrollment of 2389 on Dec. 18. The largest number depositing on any one bank day was 1944 on Oct. 16. The largest number of rooms on Honor Roll, above 80%, was 43 out of 68 rooms, on Oct. 16, At the close of the fall term the average weekly deposit was 1765; the average number of rooms on the Honor Roll 35. May this good record be maintained the entire year.

"Thrift Certificates, every pupil enrolled as Savers, have been issued to 33 rooms, (only 16 rooms last year). There are eight out of sixteen buildings with every pupil a Saver. Those buildings are: Spruce St., Purchase Primary, Purchase Grammar, Bear Hill, Chapin St., Fountain St., Park and South Grammar.

Rooms receiving a Thrift Certificate are:

CO-OPERATING AGENCIES

Mothercraft

I agree with the instructor in Mothercraft that both in its direct educational values and its character building values, it is one of the finest things given in the public schools.

Mrs. Sherburne has this to say about her work:—

"Two classes with 31 girls in each are now in progress in the Stacy school, on Monday afternoon of each week, and a class was graduated and received their diplomas last spring. This year the number of pupils wishing to take this instruction was so great that the Principal decided to choose only those who were well advanced in their studies for the Mothercraft class, thus making it an incentive to further endeavor on the part of the pupil.

"I wish to thank the Principal of the Stacy school and Miss Mullane for their kindly co-operation in furthering this work."

Special Library Reading Course.

The Library Reading Course referred to elsewhere is a decided step in advance. A few words from the annual report of Miss Ethelwyn Blake, Librarian, are suggestive:—

"A definite schedule for changing the books is in use; four rooms exchange books Mondays, five on Wednesdays, and five on Fridays. These books are left at the library at noon, and sent to the school at recess. This necessitates eight to ten hours extra work from the library force, but the relief from congestion, confusion and noise at the close of school, is well worth it.

"In order to encourage children to use the public libraries and to become acquainted with a few of the best books, the Massachusetts State Board of Education, through the Division of Public Libraries, offers a certificate to any child who reads and reports on five books in a stated list. Honor certificates may be given to any child who has won four ordinary certificates, provided at least five of the books read are non-fiction,

167 children read at least 5 books and won ordinary certicates.

118 children won Honor Certificates, 20 books, 5 nonfiction.

20 children won 1 certificate, 5 books.

20 children won 2 certificates, 10 books.

9 children won 3 certificates, 15 books.

2 Honor Certificates were won by Sylvia Sainio, Grade 5, Stacy portable."

Honor Certificates have been won by the following :—

"Purchase Grammar school; Fifth grade—Helen Gassett.

Five more school rooms equipped with modern adjustable school furniture.

High school stairs retreaded and floors repaired; three more rooms equipped with modern lighting.

Recommendations

1. Build a High school.
2. Finish the modernization of one-room schools.
3. Install a modern heating plant in the Chapin Street school.

In conclusion, I cordially thank all my associates for continued co-operation and I am deeply grateful to your committee for their consideration during another year.

Respectfully submitted,

ALMORIN O. CASWELL.
Superintendent of Schools.

Report of the School Physicians.

To the School Committee of Milford:

We submit herewith our usual report of the result of our annual inspection of the schools of Milford, as follows:

PRIMARY DEPARTMENT, Number of Pupils, 1260

No. of normals, ... 131, or 10 percent
No. having only slight defects, ... 425, or 34 percent
No. having serious defects, ... 704, or 56 percent
No. having mouth and teeth defects, 881.
No. having nose and throat defects, 607.
No. having miscellaneous defects, ... 25.

GRAMMAR DEPARTMENT, Number of pupils, 1111

No. of normals, ... 286, or 26 percent
No. having only slight defects, ... 278, or 25 percent
No. having serious defects, ... 547, or 49 percent
No. having mouth and teeth defects, 610.
No. having nose and throat defects, 437.
No. having miscellaneous defects, ... 35.

HIGH SCHOOL, Number of pupils, 493

No. of normals, ... 229, or 47 percent
No. having only slight defects, ... 75, or 15 percent
No. having serious defects, ... 189, or 38 percent
No. having mouth and teeth defects, 147.
No. having nose and throat defects, 74.
No. having miscellaneous defects, ... 28.

WHOLE SCHOOL, Number of pupils, 2864

No. of normals, ... 646, or 23 percent
No. having only slight defects, ... 778, or 27 percent
No. having serious defects, ...1440, or 50 percent
No. having mouth and teeth defects, 1639.
No. having nose and throat defects, 1228.
No. having miscellaneous defects, ... 80.

Judging from the figures reported, the physical condition of the pupils as a whole, is not quite equal to that shown for a number of years past. Like our New England winters, after a number of favorable seasons, they revert to a condition of unusual rigor. But there is hope for next year.

The sanitary condition of the schools in general is good. Some of them are crowded, which is not so good. The High school and the rooms in the portable buildings are most affected, the latter being small and difficult to heat and ventillate.

There have been sporadic outbreaks of communicable diseases during the year, but by vigilance and good fortune we have escaped serious epidemics. The teachers and parents have shown a commendable spirit in cooperating with our efforts to keep contagious diseases under control.

CLASS ODE.

Our high school days are past;
  Life now begins.
As we depart at last,
  Sorrow it brings.
Let's show that we've the might
  To conquer in the fight,
With this motto as our light:
  "To each his own."

Farewell, dear school, our pride;
  We now must go
Out in the world so wide
  'Mid friend and foe,
Where we'll spend many years,
  Filled both with joy and tears,
But these words will calm our fears:
  "To each his own."

Life now before us lies,
  Shining so bright;
Gladly we'll bear our sighs
  With you, our light.
School days we'll leave behind;
  Sorrows ahead we'll find.
Alma Mater, fair and kind,
  Farewell, farewell!

—Helen Elizabeth Luby.

ANNUAL TOWN MEETING, MARCH 5, 1928.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 5, 1928.

At a legal meeting of the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, holden this fifth day of March, A. D. 1928, at 5.45 o'clock in the forenoon, the said inhabitants proceeded as follows:—

The meeting was called to order by the town clerk, who proceeded to read the warrant.

After the reading of Articles 1 and 2, it was voted to dispense with the reading of the remainder of the articles in the warrant until the date of the adjourned town meeting, to be determined later at this meeting.

The clerk read the remainder of the warrant after Article 31, and the officer's return thereon.

Article 1. A ballot was taken for a choice for moderator, the names of those voting being checked on the voting lists.

The result of the ballot was as follows: Whole number of ballots cast five, all of which were for John T. McLoughlin.

John T. McLoughlin was declared elected moderator and and was sworn to a faithful performance of his duties by the town clerk.

Article 2. To choose all necessary town officers by ballot.

The ballot box used in elections was examined and found to be empty.

The register on the ballot box was set at 0000, the box locked and the keys delivered to John J. Moloney, constable in attendance at said meeting.

Packages said to contain 6450 ballots, specimen ballots, cards of instructions and penalty cards were delivered to the moderator by the town clerk.

The ballots were then placed in the possession of the ballot clerks.

All legal requirements having been complied with the polls were declared open at 5.51 o'clock A. M.

Harold K. Bullard and Charles W. Gould, tellers appointed to check voting lists at the polls by the selectmen, were sworn to a faithful performance of their duties by the town clerk.

Albert L. Condon, James F. Catusi, George V. Larkin and Dominick J. Lang, ballot clerks, and John F. Hennessy and William N. Baxter, deputy ballot clerks appointed by the selectmen, were sworn to a faithful performance of their duties by the town clerk.

Voted: To close the polls at eight o'clock P. M.

Voted: That after the completion of action under Article 2 the meeting be adjourned until Friday, March 9, 1928, at eight o'clock P. M. in Town Hall.

The following tellers appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk, and began their duties at one o'clock P. M :—

Walter B. McFarland, Harry L. Webber, Joseph O'Connell, Thomas McNamara, William G. McKay, Dennis E. Clifford, Joseph Santosuosso, Frank R. Fahey, Louis Morcone, Cornelius J. Sheehan, William J. Ackerly, Edward J. O'Sullivan, Attilio Guerrieri, Patrick H. Gillon, Wallace E. Watkin, Patrick H. Rabbitt, Charles E Pollard, Ellsworth J. Nutter, Antonio Sannicandro, George J. Lally, John A. O'Connell, Thomas F. Higgins, Louis G. Vesperi, Louis Jacobs, Joseph Ozzella, Francis X. Trudell, Fred J. Luby, James F. McDonough, Thomas Cloonan, Charles E Smith.

The following tellers appointed by the moderator to fill vacancies in the list appointed by the selectmen were sworn

to a faithful performance of their duties by the town clerk: Frank A Bixby, Patrick H. Burke.

Due notice having been given, the polls were declared closed at eight o'clock P M.

The following tellers appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk, and began their duties at eight o'clock P M: Earl Vasile, John L Bowen, Carl Samuelson, Owen Ferguson, Rudolph Introini, Perley S. Johnson, William Bellofatto, John D. Cronan, James Giammarco, George H Clement, John Cicchetti, Alfred Dinardo, James Creasia, John F. Crowley.

The following tellers appointed by the moderator to fill vacancies in the list appointed by the selectmen were sworn to a faithful performance of their duties by the town clerk: Charles V. Touhey, Frederick A. Maroney.

During the voting the ballot box was opened by unanimous consent of the moderator and town clerk five times, for the purpose of taking out, sorting and counting the ballots, first at 11.35 o'clock A M. when the box registered 1054, then at 2.40 o'clock P. M when it registered 2000, then at 4.15 o'clock P M. when it registered 2657, then at 5.50 o'clock P. M. when it registered 3399, then at 8 o'clock P. M, close of the polls, when it registered 4635.

The ballot box register and the count of the tellers and ballot clerks checking the names on the voting lists at the polls and the tables agreed.

The ballots having been sorted and counted and the whole number cast found to be 4635, said ballots were sealed in envelopes, placed in a box which was sealed and the endorsement of the election officers placed thereon.

The voting lists used at the polls and at the tables of the ballot clerks were sealed and endorsed by the tellers checking the lists and the ballot clerks.

The ballots cast and the voting lists were delivered to the town clerk.

The moderator then declared the following officers elected:—

ADJOURNED TOWN MEETING, MARCH 9, 1928.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 9, 1928.

In pursuance to a vote passed at the annual town meeting March 5, 1928, the inhabitants of the Town of Milford qualified by law to vote in elections and in town affairs, met in town hall on the above date and proceeded as follows:

The meeting was called to order by John T. McLoughlin, moderator, at eight o'clock P. M.

Article 3. Voted: To receive and accept the reports of all town officers as printed in the annual town reports.

The committee appointed at the last annual town meeting to investigate the matter of the abolition of the "Round Pond" submitted the folfowing report.

March 8, 1928.

Mr. Moderator.

The Committee to investigate the matter of the abolition of the "Round Pond" submit the following report:

The Cutler Grain Company, owners of the property, were consulted with, and we were finally informed if the town wished to buy the "Round Pond," it would also have to purchase the entire Cedar Swamp Pond Property, at the assessed valuation of $7,000.00.

In addition there would be the expense of constructing a covered channel to take care of the present flowage conditions, which was estimated to cost about $5500.00.

The Manguso property (so called) situated on the westerly side of the Round Pond would probably be desired and this is assessed for $4100.00.

In view of the above expense and the more or less liability the town would incur in taking the entire Cedar Swamp Pond, together with the present unsettled industrial conditions, the committee recommends that no action be taken.

Philip Cenedella,
L. Blaine Libbey,
John E. Higgiston,
Chester F. Williams,
Committee.

Voted: To receive and accept the report of the Committee.

The Committee appointed by the Selectmen to investigate the advisability of establishing a town forest submitted the following report:

To the Honorable Board of Selectmen:

Your committee met at the house of William Prentiss and organized with William Prentiss, chairman, and Fred Clarridge, secretary.

The matter of establishing a town forest was discussed to considerable extent at this meeting.

Later a meeting was arranged with the Department of Public Welfare and the Superintendent of the Town Farm. It seemed to be the opinion of all, that as there was probably some fifty acres of waste land that could profitably be made to grow white pine or other timber, we had an article put in the town warrant to that effect.

William N. Prentiss,
Myron Morey,
Fred W. Clarridge,
Committee.

Voted: To receive and accept the report of the Committee.

As there were a number of departments reported unpaid bills we would call their attention to the law which requires bills to be settled at the close of the year.

Article 6. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars ($500 00) for defraying the expenses of Memorial Day, the Finance Committee recommend this article be passed over as it has already been provided for in general budget. The Finance Committee recommend the sum of Four Hundred and Thirty Dollars ($430.00) be appropriated as in former years.

Article 11. To see if the town will vote to raise and appropriate the sum of Five Thousand Dollars ($5,000 00) for the purpose of extending the Central Street drain, or take any action in relation thereto. The Finance Committee recommend favorable action and the sum of Forty-five Hundred Dollars ($4,500 00) be appropriated for this work.

Article 12. To see if the town will vote to raise and appropriate the sum of One Hundred Dollars ($100.00) to be paid to the Trustees For County Aid To Agriculture. The Finance Committee recommend it be passed over as it has already been provided for in the General budget and recommend Fifty Dollars ($50.00) be appropriated.

Article 14. To see if the town will vote to transfer from overlay reserve, to overlay for 1916, the sum of Five Hundred Fifty-nine Dollars and Thirty-five Cents ($559.35). The Finance Committee recommend favorable action.

Article 15. To see if the town will vote to take any action relative to the appropriation of Three Thousand Two Hundred Ninety-three Dollars and Ninety-nine Cents ($3,293.99) Surplus War Bonus, and Five Hundred Dollars received from the sale of Pearl Street property. The Finance Committee recommend favorable action and the sum of Three Thousand Seven Hundred Ninety-three Dollars and Ninety-nine Cents, ($3,793.99) be used for permanent improvements in Town Park.

Article 16. To see if the town will vote to raise and appropriate a sum of money for the purpose of resurfacing or macadamizing Fountain street, or take any action in relation thereto. Article 5. Voted: That all personal and real estate taxes shall become due and payable Oct. 15, 1928.

On all taxes remaining unpaid November 1, 1928, interest at the rate of six per cent per annum on all taxes amounting to Two Hundred Doilars, and eight per cent on all taxes in excess of Two Hundred Dollars shall be charged from October 15, 1928.

The collector shall be paid eight-tenths of one per cent of each payment made to the town treasurer on account of taxes and assessments.

The collector shall pay all expenses of his office, namely printing, postage and office supplies.

He shall be allowed expenses for rent, telephone, light and heat of office room now used by him, and all expenses incurred by him at law or equity for collection of taxes or assessments.

Article 6. Voted: To pass over the article.

Article 7. Voted: That the town treasurer, with the approval of the selectmen, be and hereby is authorized to borrow money on and after January 1, 1929, in anticipation of the revenue of the financial year beginning January 1, 1929, and to issue a note or notes therefor, payable within one year, any debt or debts incurred under this vote to be paid from the revenue of the financial year, beginning January 1, 1929. Yes, 210. No, 0.

Article 8. Voted: That the Board of Public Welfare be directed to engage a competent person to take charge of the active administration of the public welfare duties, and in connection therewith, he investigate and report to the Selectmen on applicants for and recipients of soldiers' relief, and the legal settlement of applicants and recipients of relief from the Board of Health. That they determine the length of service and establish the salary therefor.

Article 15. The following motion was presented by Francis H. Lally:—

Considering that the town of Milford has at present but one permanent memorial to those who served in the World War, and that one not centrally located. Considering also the present wooden Honor Roll, a temporary affair, will soon need replacement, and remembering that the money in question was originally intended for war purposes, I make a motion that the sum of $3,293.99, surplus war bonus, as named in Article 15 of the warrant for this meeting be used for the purpose of erecting a suitable permanent memorial to those who served, and particularly to those who gave their lives in the World War. This memorial to be of bronze or stone, or a combination of both, suitably inscribed.

Voted: To lay the matter on the table.

Article 16. To raise and appropriate the sum of Three Thousand Dollars ($3,000.00) for the purpose of resurfacing Fountain street.

Voted: To pass over the remainder of the article.

To either Constable of the town of Milford, in said county,
Greeting:

In the name of the Commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall, in said town, on Tuesday, the sixth day of November, A. D. 1928, punctually at 5.45 o'clock in the forenoon, at which time the polls will be open for said voters to give in their ballots to the selectmen of said town for Electors of President and Vice-President of the United States, Governor, Lieutenant Governor, Secretary, Treasurer and Receiver-General, Auditor, and Attorney-General of the Com-

monwealth of Massachusetts, Senator in Congress, Congressman (13th Congressional District), Councillor (7th Councillor District), Senator (4th Worcester Senatorial District), Two Representatives in General Court (8th Worcester Representative District) Two County Commissioners(Worcester County), Clerk of Courts (Worcester County), Register of Deeds (Worcester County), all on one ballot designating the office intended for each person voted for as provided for under the provisions of Chapter 54, General Laws of Massachusetts, and acts in amendment thereto.

Also upon said ballots the voters shall given in their votes "Yes" or "No" on the acceptance of the following:—

LAW PROPOSED BY INITIATIVE PETITION.

Shall the proposed law which provides that it shall be lawful in any city which accepts the act by vote of its city council and in any town which accepts the act by vote of its inhabitants, to take part in or witness any athletic outdoor sport or game, except horse racing, automobile racing, boxing or hunting with firearms, on the Lord's Day between 2 and 6 P. M.; that such sports or games shall take place on such playgrounds, parks, or other places as may be designated in a license issued by certain licensing authorities; that no sport or game shall be permitted in a place other than a public playground or park within one thousand feet of any regular place of worship; that the charging of admission fees or the taking of collections or the receiving of remuneration by any person in charge of or participating in any such sport or game shall not be prohibited; that the license may be revoked; and that in cities and towns in which amateur sports or games are permitted under existing law such amateur sports or games may be held until the proposed law is accepted or the provisions of the existing law fail of acceptance on resubmission to the people, which law was disapproved in the Senate by a vote of 9 in the affirmative and 22 in the negative, and in the House of Representatives by a vote of 93 in the affirmative and 110 in the negative, be approved? Yes——No——.

QUESTION OF PUBLIC POLICY.

Shall the Senator from this district be instructed to vote for a resolution requesting Congress to take action for the repeal of the Eighteenth Amendment to the Constitution of the United States, known as the prohibition amendment?

The polls may be closed at four o'clock in the afternoon on said day of meeting.

And you are hereby directed to serve this warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said town; also cause an attested copy to be published in the Milford Daily News, a newspaper published in said town, Two Sabbaths at least before the time set for said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Clerk of said town, at the time of meeting aforesaid.

Given under our hands at Milford, this twenty-third day of October, A. D. 1928.

TOWN MEETING, NOVEMBER 6, 1928.

COMMONWEALTH OF MASSACHUSETTS

Worcester, ss.

Milford, November 6, 1928.

In pursuance to the foregoing warrant the inhabitants of the town of Milford, qualified by law to vote in elections and in town affairs, met in Dewey Hall in said town, on Tuesday, the sixth day of November A. D. 1928, punctually at 5.45 o'clock in the forenoon, and were called to order by John E. Higgiston, Chairman of the Selectmen, presiding election officer.

The town clerk read the warrant and the officer's return thereon

In accordance with the provisions of Chapter 54, General Laws of Massachusetts, and Acts in Amendment thereto, sealed packages said to contain 6428 official ballots, specimen ballots, cards of instructions, penalty cards, and copies of Law Proposed by Initiative Petition, and copies of Question of Public Policy were delivered to John E. Higgiston, presiding election officer. The seals were broken and the ballots delivered to the ballot clerks.

Cards of instructions, penalty cards, and copies of Law Proposed by Initiative Petition, and copies of Question of Public Policy were posted in each marking compartment and outside the rail.

The ballot box required by law to be used at elections

was then publicly opened and found to be empty, the register of the box was set at 0000, the box locked and the keys delivered to John J. Moloney, constable in attendance at said meeting.

Harold K. Bullard, Dominick J. Lang, J. Roy Kerr, William E. Moore, tellers appointed to check voting lists, and Gilbert C. Eastman and George V. Larkin, ballot clerks, and Harry C. Tilden and Michael J. Collins, deputy ballot clerks were sworn to a faithful performance of their duties by the town clerk, all having been appointed by the selectmen.

The polls were opened at 5.48 o'clock A. M.

Voted: To close the polls at eight o'clock P. M.

Walter B. McFarland, Harry L. Webber, Walter A. Vant, John F. Burke, Jr., Garden W. Rae, Isaac W. Ward, Dennis P. Flynn, Joseph Santosuosso, Ellsworth J. Nutter, Frank A. Bixby, Frank R. Fahey, James Giammarco, Thomas J. Ryan, Leon R. Twombley, Michael Curley, Ernest L. Schultz, Alfred Daigle, Frank T. Ballou, Patrick H. Gillon, Perley S. Johnson, Charles V. Touhey, Charles F. Gillon, William J. Darney, George Edmands, P. Harry Burke, Louis Rizoli, William J. Cloonan, Ernest Arsenault, William F. Hynes, Louis Jacobs, Francis J. Carron, Clifton Tyler, tellers appointed by the selectmen, were sworn to a faithful performance of their duties by the town clerk.

Due notice having been given, the polls were declared closed at eight o'clock P. M.

During the voting the ballot box was opened by unanimous consent of the presiding election officer and the town clerk, six times for the purpose of taking out, sorting and counting the ballots, first at 8.15 o'clock A. M., when it registered 800, then at 10.15 o'clock A. M. when it registered 1600, then at 12.40 o'clock P. M. when it registered 2540, then at 2.30 o'clock P. M. when it registered 3302, then at 5.15 o'clock P. M when it registered 4102, then at 6.55 o'clock P. M. when it registered 5005, then at the close of the polls, 8 o'clock P. M., when it registered 5354.

There were 120 ballots received from absentee voters

which were deposited in the ballot box, which made the total number of ballots registered on the ballot box 5474.

The ballot box count agreed with the number of names checked on the voting lists at the polls and at the tables of the ballot clerks.

The names of those on the lists of voters which were checked and audibly counted were found to be 5474.

Joseph Ozzella, Charles E. Pollard, John F. Hennessy, Alfred Lague, Edward J. O'Sullivan, Louis Morcone, Charles P. Galley, George E. Stanley, Owen Ferguson, Harold L. Henderson, John F. McGrath, Frederick Bethel, Jr., Edgar L. Peneau, Ferdinand S. Adams, Joseph Drugan, Victor Ostrand, Benjamin W. Smethurst, William F. Higgins, Elmer C. Nelson, Jeremiah Davoren, Elmer J. Mills, John D. Cronan, Rudolph Introini, J. Joseph Hickey, tellers appointed by the selectmen, were sworn to a faithful performance by the town clerk.

The tellers having canvassed the votes given in and found the number of ballots cast to be 5474, 120 of which were ballots of absentee voters, the same having been sorted and counted, declaration thereof was made in open meeting, and recorded as follows:

The result was announced at 2.37 o'clock A. M. November 7 1928.

Section 3. Every physician, or hospital medical officer registered under Section nine of Chapter one hundred and twelve, in this chapter called officer, shall keep a record of the birth of every child in cases of which he was in charge, showing date and place of birth, the name, if any, of the child, its sex and color, the name, age, birthplace, occupation and residence (including the street number, if any, and the ward number, if in a city) of each parent, the maiden name of the mother and the name of the physician or officer, if any, personally attending the birth. If the child is illegitimate, the name of and other facts relating to the father shall not be set forth except upon written request of both the father and mother. Said physician or officer shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred, a report stating the facts herein above required to be shown on said record and also the said written request, if any; provided, that if said report is not so made within forty-eight hours after such birth, said physician or officer shall, within said forty-eight hours, mail or deliver to said clerk or registrar a notice stating the date and place of the birth, the street number, if any, the ward number, if in a city, and the family name. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such

physician or officer a fee of twenty-five cents for each birth so reported. Any physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required for record relative to such births, shall furnish the same upon request of the clerk of the town where such child was born or its parents reside, or of any person authorized by him. Such member or servant refusing to furnish such facts shall be punished by fine not exceeding ten dollars.

Section 6. Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such child is born. Every householder in whose house a death occurs and the oldest next of kin of a deceased person in the town where the death occurs shall, within five days thereafter, cause notice thereof to be given to the board of health, or, if the selectmen constitute such board, to the town clerk. The keeper, superintendent or person in charge of a workhouse, house of correction, prison, reformatory, hospital, almshouse or other institution, public or private, which receives inmates from within or without the limits of the town where it is located shall, when a person is received, obtain a record of all the facts which would be required for record in the event of the death of such person, and shall, on or before the fifth day of each month, give notice to the town clerk of every birth and death among the persons under his charge during the preceding month.

Blanks for returns of births and deaths may be obtained at the office of the town clerk.

DENNIS J. SULLIVAN,
Town Clerk.
